## Product highlights

**2GB storage capacity**
*A useful 2 GB gives you the capacity to swap and share much larger or more files via the USB port of your PC or laptop.*

**Fast data transfer**
*High-speed data transfer rates significantly cut annoying waiting time when you're copying large multimedia files to or from your computer's hard disk.*

**File synchronisation**
*With file synchronisation of all the files on your PC, it is possible to access and work with your documents anywhere with just a few mouse clicks.*

**Automatic file compression**
*Save free space by automatic compression of all the files you put on the USB flash drive*

**Password protection**
*Due to password protection including 256-bit AES encryption, your valuable personal data can be protected from unauthorised access by simply using a password.*

**Lost & Found information**
*This unique feature enables you to enter your contact details like address, telephone number and e-mail address on the USB flash drive so that if you lose it, whoever finds it can send it back to you.*

**Easy to use software included**
*A complete software suite is included, which will run automatically from the USB flash drive and gives you access to useful features like, password protection, file synchronisation, data compression, USB lost & found, and USB information. Additionally, it comes with a 30-day trial for Portable Microsoft Outlook Express, favourites synchronisation and no-trace internet browsing.*

**Activity indicator**
*An appealing glow shows you the drive is properly connected and working, and pulsates faster when copying files to or from its memory.*
